Albarrie Canada Limited is a growing manufacturer, providing worldwide innovative engineered non-woven textiles solutions for environmental, technical and extrusion-manufacturing industries.

Celebrating 34 years of success, we are proud of our professional family working environment. We encourage employees to strive for continued improvements, communicate ideas and work cohesively. To help continue our success and growth, we are seeking **Perch/Machine Operator** to become a dedicated member of our team.

**Position: Perch/Machine Operator**

**Location: 85 Morrow Road, Barrie, Ontario**

Under the supervision of the Finisher Team Leader, the position performs a variety of fabric finishing functions. These duties include but are not limited to examining fabric or products for conformity to quality standards, marking defects, repairing minor defects if possible, and completing all ERP entries. The remaining points are inserted under the duties and responsibilities section.

**Key Requirements:**

- Completion of high school, or equivalent.
- Strong mathematical, comprehension and computer abilities.
- Working knowledge of an ERP system and data entry.
- Minimum 2 years' experience working within a production environment.
- Ability to work independently as well as cohesively with employees and managers as part of a team.
- Problem solving skills in order to resolve conflicts and problems.
- Excellent interpersonal skills in order to maintain an excellent rapport with co-workers.
- Detail oriented and excellent organizational and multi-tasking skills.
- Ability to work efficiently and effectively under pressure with simultaneous deadlines.
- Ability to remain stationary at a machine for extended periods of time.

**Major Responsibilities**

1. Sets-up finishing equipment as per work order.
2. Examines fabric or products for conformity to quality standards.
3. Marks defect on fabric and notify Finishing Team Leader.
4. Measures or weighs finished product by placing the rolls on the scale and measuring them with a standard tape measure.

5. Inspects every meter of the fabric, flags defects and takes samples for the Quality Control Department.
6. Records information on products inspected such as what coating has been spread on the material.
7. Assists in the preliminary packaging of products.
8. Repairs and marks minor defects on fabric.
9. Ensures a safe environment at all times.
10. Maintains complete knowledge of and complies with company and departmental policies, procedures and standards.
11. Maintains client and company confidence by keeping information confidential and secure.
12. Maintains a positive working relationship with team members and management in a team environment.
13. Sets-up and organize individual work area with designated supplies, forms and resource materials while maintaining cleanliness at all times.
